NORTHERN ROCKIES WASTE MANAGEMENT FACILITY

WasteWorks Inc., the wholly-owned landfill subsidiary of **HAZCO Environmental Services Ltd.**, is pleased to introduce the **Northern Rockies Waste Management Facility**, operating under new ownership.

This engineered Industrial Landfill and Special Waste Treatment Facility is designed to treat and securely dispose of solid industrial and oilfield waste streams. The Facility is located at **Mile 285 of the Alaska Highway**.

The Facility was formerly operated by C.F. Wright Farms Ltd. in a partnership with WasteWorks. The Facility was purchased by WasteWorks on March 31st, 2004.

Location

The Facility is located 20 km south of Fort Nelson, conveniently situated to provide industrial and oilfield waste service to Northern British Columbia, the Yukon, and the Northwest Territories.

Permit

The Special Waste Treatment Facility is operating under British Columbia Ministry of Water Land and Air Protection permit number PS-15866, amended April 1, 2004 to reflect WasteWorks Inc. as the new owner and operator. The Landfill is operating under permit number PR-16078, also amended to increase the maximum quantity of waste authorized for disposal and to reflect WasteWorks as the new owner and operator.

Financial Security

Financial security in the form of an irrevocable letter of credit has been posted with the Ministry for the closure, post-closure monitoring and reclamation of the Landfill and Special Waste Treatment Facility.

Due Diligence Information

Copies of the permits, insurance, facility design, and monitoring information is available to generators upon request. For more information, please contact Reid McDougall at (800) 667-0444.

Sales and Service Contacts

To arrange for the transportation, disposal and / or treatment of waste, or for more information about the design, operation and siting of the Facility, please contact the landfill sales representatives at the nearest HAZCO regional office.
